

Seasons Greetings

The Chemistry Team has had another busy year, working with our clients, and being just a small part of the triumphs and successes that were achieved.

But in December we find that our minds shift away from a primary focus on business and towards family, friends and supporting our communities. No matter the size of your business or the number of employees, at Chemistry it is our belief that you are only truly successful when you take care of those things that money can't buy. Spend time with people close to you, help someone that is not as fortunate as you are and be grateful for all that you have.

We wish all of you a wonderful Holiday time, celebrating in whatever manner has meaning to you and look forward to working with you in 2019!

Christine Willow & Frank Bourree

May peace, hope and love be yours during this Holiday season and throughout the Newyear!

HR Lessons from Santa

With his team of elves and reindeer, Santa Claus has been successfully delivering toys to children all over the world for millennia. The solid and established HR practices in place at the North Pole Workshop ensure that this happens every year!
