# PERFORMANCE MANAGEMENT

## Setting Goals & Addressing Concerns

"The performance management process is an integral part of any organisation's success. Its aim is to provide not only organisational but functional, team and individual performance measures too. Whether you're working to establish a performance management review process or are looking for inspiration on restructuring your current program, we hope you find these resources informative and effective."

-Sheenagh Beadell, Partner, Chemistry Consulting Group

## Quotes on Performance Management

When feedback is included as part of **regular, ongoing performance discussions** throughout the year, the employee, the manager and the organization are all better off.

Shawna McKnight

Performance management isn't dead.  
The old way of thinking about it is.

Anita Bowness, Principal Product Manager, Saba

Companies need to shift their approach by **creating a culture** where regular performance

feedback discussions are the norm.

Melany Gallant, Content Manager, Saba
